OM No. 166 of 2024

Advisory for use of Helmet while riding Two-wheelers

1. There has been an increase in the number of road traffic accidents taking place, especially due to the involvement of two-wheelers. Most of these accidents lead to causing critical head injuries to the rider and sometimes resulting in death.
2. Wearing helmets is a better way to ensure safety against road accidents.
3. All AIIMS staff are strictly advised to wear Helmet while riding any two-wheelers including pillion rider. It is a safety measure to prevent fatal head injuries to our Faculty/Staff/outsourced employees.

This is issued with approval of the Competent Authority.
